

VACANCY

Rig Health, Safety, and Environment (HSE) Intern

Rig-HSE Intern is stationed on the Maersk Discover Mobile Offshore Drilling Unit (MODU) for the WEI-1 Campaign in Guyana, with limited onshore work commitments.

Qualifications and Experience

- ✓ At least 3 years' experience in HSE
- ✓ BSc in Occupational Health and Safety or Environmental Studies
- ✓ Certified Safety Professional (CSP) or equivalent NEBOSH certifications
- ✓ Working HSE experience dealing with multiple contractors and sub-contractors on location
- ✓ Proven ability to work independently and within a multidisciplinary team environment

Main Duties

- ✓ Reporting to the Drilling Superintendent and Foreman on the rig on daily offshore drilling and marine operations on the rig set out in CRI's HSE Key Performance indicators worksheet
- ✓ Primary coordination of CRI waste Management Plan, including the issuance of manifests and validation on materials transported
- ✓ Ensuring all incidents, including near misses and environmental releases, are reported and investigated in compliance with CGX standards
- ✓ Assisting in Guyana's EPA remote inspection program
- ✓ Assisting in developing HSE standards, procedures, and safe work practice documents
- ✓ Recording management of change events to the well plan operations to be running according to American Petroleum Institute (API) recommended practices and good industry engineering technical specifications
- ✓ Monitoring maintenance and improvements of formal contractor HSE management systems
- ✓ Attending all offshore meetings where an HSE presence is required

Applicants are required to submit a detailed curriculum vitae and cover letter, together with two (2) written references and copies of all certifications by **June 14, 2022** to ysurujpaul@cgxguyana.com or to:
